rhythm, creative dance
and more.

Started in 1990, mainly music is a fun music group for parents or primary care givers to enjoy together with their young child.

Children develop gross and fine motor skills, language, imagination, mathematical and pre-reading skills, as well as socialising with others. Each mainly music is associated with and is run by volunteers from a local church. Children are introduced to music, creativity and more, plus families are given a chance to think about the God-part of life.

The aim of mainly music is to provide an environment where children develop skills to enhance their preschool education, through the use of music, rhythm, rhyme and other music related activities with the participation of a parent or primary caregiver.
